FIREPLACES

*e*FLAME COLLECTION

Fires & Grates

Welcome to the eFlame collection

This range of unique hand made metal and limestone fires and fireplaces are only available through a select range of specialist retailers, who have the expertise to guide you every step of the way to the installation of your new fire.

The fire designs contained within these pages will be manufactured to your individual requirements. Your retailer will guide you in your choice thus enabling you to achieve the perfect look for your room. All designs are supplied with their own gas fire. Some fires have additional burning medium shown, check with your supplier as to what is included as standard. In some instances a hearth may need to be fitted, dependant upon site conditions.

**also available in full polish

h:= height w:= width d:= depth g:= gas input *Brick opening required

All information is correct at the time of going to press, however we reserve the right to alter and improve products therefore we would recommend that you check with your retailer before purchase to ensure that you have the current information. All dimensions are a guide and may vary slightly due to the hand finish of the product. Flame patterns shown are for illustrative purposes only. Colours are reproduced as accurately as printing processes allow. A fire guard should be used where the elderly or young are concerned. All fireplaces must be installed by a CORGI or HETAS registered installer unless you have obtained the necessary building control from your relevant local authority. We regret that we are unable to accept responsibility for materials being unavailable due to problems with supply of natural materials.

None of the designs or any part of this brochure may be reproduced without prior written permission.
